Whom it may concern

Mr. Milko Vuille, Managing Director of "ACARSA Travels and Scientific Expeditions", based in the town of Neuchâtel, is entrusted to represent the project of the Eira Marine Scientific Expedition ("Barents Sea Iceberg Patrol-2006"), of which he is an active participant, in Switzerland and other countries.

Mr. Milko Vuille is a devoted enthusiast of underwater activities, an inspired agent of marine scientific expeditions which are developed by St. Petersburg Scientific Centre of the Russian Academy of Sciences in collaboration with its partner-organizations - the Shyrshov Institute of Oceanology, Arctic and Antarctic Research Institute and others.

We believe that the expeditions will not only allow their members to reach assumed goals and obtain important scientific results but, bringing them to the vast Polar sea expanses and wild Northern lands, will also enable them to expand their individual comprehension of the unique world in which we all live, contribute to their personal quest for Knowledge.
